**DEFENDANTS' UNCONSENTED MOTION TO CONSIDER BRIEF BEYOND  
PAGE LIMIT**

Defendants, David Brady, William Tucker, Brawtus Holding Company, Inc., Brawtus Management Company, LLC, and Pneu-Mech Dissolution LLC (formerly known as Pneu-Mech Systems Manufacturing, LLC), hereby submit this motion for the Court to consider its Reply Brief submitted on September 25, 2023 (ECF 45), in response to Plaintiff's Memorandum in Opposition to the Motion to Dismiss. When undersigned counsel submitted the Reply Brief, they believed they had complied with the Local Rules of the District Court for the Western District of North Carolina (specifically LCvR 7.1), which limit all briefing to 25 pages; however, undersigned counsel failed to appreciate Judge Bell's standing order limiting reply briefs to 12 pages. Undersigned Plaintiff's attorneys brought this to the attention of Defendants' counsel this morning. Having conferred with Plaintiff's counsel, it is their position that Defendants should withdraw the reply altogether.

Considering the complexity of this case and the numerous causes of action against various Defendants (of whom there are five), Defendants' counsel respectfully request that this Court consider their Reply Brief at its current length. In the alternative, Defendants' request that this Court grant an extension allowing Defendants' counsel to file a shortened version of their

Reply Brief by the end of the week. Defendants have attached two alternative proposed orders, should the Court decide to take curative action. Undersigned counsel apologizes for this oversight and will be mindful of this Court's page limits in the future.
